## CASTLE DALE

CASTLE DALE, Oct. 23.—Notwithstanding the fact that the forest service had put men to work surveying for the automobile road connecting Emery and Sanpete counties by way of Ephraim and Straight Canyons, the majority of the North Sanpete towns, joined by Price's mayor (whose right to a vote in the matter whatever is most questionable) have petitioned Governor Spry to stop all work until they could again present a few more arguments and make an attempt to get the other members of the state road commission to favor their views. They were successful in their mission, for the time being at least. Governor Spry forthwith ordered all work abandoned and appointed a meeting for Monday at Salt Lake City, when the side of the question will again be heard.

Death, in a very unexpected moment, visited us last Saturday and took from our midst one of the most loved of our women, Mrs. Mary Gould, who departed this life at about 3 o'clock that evening. She had suffered an attack of an old trouble that morning, but had apparently recovered from the effects when she and came upon her as she was about to retire. She had ever been a constant sufferer from heart and at her death was a teacher in the relief society in which she had taken an active part. Two daughters, Mrs. Maria Gould of Nephi and Mrs. Myrona Kofford of Castle Dale, are the only ones surviving relatives, though she enjoyed the friendship of a host of people in Emery, Sanpete and Juhi counties.

Relatives and friends of W. A. Barker of Lawrence, who was killed last Friday in a fall from the dome in a Salt Lake City hospital of this well known cattleman and farmer, who came to his untimely end through a kick from a horse. Deceased was plowing in a field near his home when a singletree became disconnected and it was his effort to again connect the same without speaking to the horse, that resulted in the accident. He leaves his aged father, Alma, who has a home in Lawrence, but has been living with a son in Idaho; a wife and eight children (Hilma, Ray, Mrs. May Day, Mrs. Clara Whitford, Alden, Kate, Annie and Bertha, all of whom live in Lawrence); and one brother, Elmer, living at Farmington, Ida., and five sisters, Mrs. Elizabeth Day of Lawrence, and Mrs. Martha Miller, Mrs. Nora Fillmore, Mrs. Betty Johnson, and another sister, Hilma, all living in Idaho.

Opportunities For the Careful Real Estate Investor....

We believe there are people in Eastern Utah who are willing to make a 50 to 100 per cent profit by buying property at present prices—people who know what the great coal camps surrounding Price are eventually going to do towards the upbuilding of this man's town—people who have been here and have seen the town depressed at intervals, and who can see the profits to be made in buying real estate—farms and city property—in many instances at half what it is actually worth.

We have a very large list of business and residence properties at Price, Helper, Scofield, Wellington and elsewhere, besides any number of farms that are improved and producing, unimproved lands and grazing propositions. All, or most of these, may be had on terms or at BED-ROCK FOR CASH. We will be pleased to show any of them in person or will give details by letter. Our BARGAIN LIST IS LARGE.

We write plate glass, steam boiler, fidelity, live stock, automobile, accident and health and fire insurance. Only the best companies.
